## January 19th: Community Work Day

### ***Let's Clear Camper Creek Road!***

We will be working along Camper Creek Road between the Corners and the junction of Camper Creek Road and Fernfield Road, where Gualala Ranch and Seaview Ranch connect. This road is a primary route of travel for Fort Ross VFD responders and is locally notorious for downed trees blocking the road. We will work together to create a safer shaded fuel break.

### ***What to Bring?***

Bring your chainsaws, pruner, loppers, and your work gloves! We also need volunteers to bring hot and cold drinks and snacks to our hard-working crews as well, please email to sign up or just meet us there!

### ***Where?***

Meet us at the top of Camper Creek Road at the intersection of Fernfield and High Road. There is room for parking along the pullout at the side of the road.

### ***When?***

Saturday, January 19th, from 10am to 3pm. Heavy rain cancels, back up date is Sunday, January 20th.

### ***RSVP***

Please let us know if you are coming and what equipment or snacks you are able to bring!

**RSVP**

### ***Questions?***

Any questions? Need directions? Please email [demetra.delia.markis@gmail.com](mailto:demetra.delia.markis@gmail.com)
